

## Valve

### Product Numbers

PV 70-12 and PV-70-18

### Description

A polyethylene, double O-ring infusion valve. It's available in 12 mm (.47") and 18 mm (.70") (outer diameter) and can be used up to 212°F (100°C).

### Technical Data

Part Number	Material	Outside Dia.		Max Temp	
PV-70-12	PE	12 mm	0.47"	100°C	212°F
PC-70-18	PE	18 mm	0.70"	100°C	212°F

## T Connector

### Product Numbers

PV-76-10 and PV-76-12

### Description

A polyethylene connector that can be used in resin infusion, vacuum bagging and other composites processing applications. This T-shaped connector is available in 12 mm (.47") and 18 mm (.70") (outer diameter) and can be used up to 212°F (100°C).

Part Number	Material	Outside Dia.		Shape	Max Temp	
PV- 76-12	PE	12 mm	0.47"	T	100°C	212°F
PV- 76-18	PE	18 mm	0.70"	T	100°C	212°F
